

## February 2025 President's Message

February, we have several events to look forward to and some decisions need to be made regarding the general meeting location and time. First, I want to thank Tom Leroux for making his shop available for an annual inspection of vehicles. It is always nice to put the car on a lift and inspect the car and do some minor repairs with it up in the air. If I am on my back under the car trying to do the inspection one of two things happens. On a warm day I'll fall asleep under the car. On a cold day my back will be sore from the cold ground. So, thanks again Tom.

All Saints Church needs to use the meeting place at the church on Thursday nights. They are requesting we move our meeting to Monday or Tuesday night, or we need to find another location. If you have any input regarding the meeting location or day, please send me an email. This will be discussed at the next board meeting.

FRIDAY February 14 is the tour to Egge. Nothing says Happy Valentines more than a tour of a machine shop. So, bring your sweetie along for a romantic tour.

Sad news to report. Stan Lucas, a long-time Long Beach Model T Club member, and owner of Lucas Tire has passed away. I have been told that there will be a memorial for Stan. As soon as I get any further information as to when and where I will pass it on.

Chris Craig is working diligently to put the new roster together. Currently there are about 25 people that have not paid their dues. If you are one of those people or know one of those people, please turn in the dues.

Finally, club members need to get better about signing up for events so we can properly plan for the event. We need this so we can be accurate about food, admission tickets and other things. If you think you will attend, please sign up. If you need to cancel, please do so by text or email 24 hours in advance.

Respectfully Submitted

Tim O'G
