

November 2025 President's Message

First thing on my Agenda for November is to get out there and sell tickets to the Christmas Luncheon Sunday December 14th before the prices go up. The luncheon promises to be the event of the season with music, prizes, and great food.

October has been a busy month the garage was well attended, and we got a couple of cars the road worthy again. Tom Leroux headed up an expedition to Bakersfield to help prepare for an estate sale. We looked through piles of Model T stuff and assisted in pricing the items. It was a treasure trove of parts from all over the farm. There will be an auction later in November. There is a large warehouse filled with T parts waiting for a good home at a good price. If you need parts keep your eyes open for the notification.

Due to an unfortunate set of circumstances, the Vast Satellite Tour was cancelled. The tour director from Vast encouraged us to reschedule the tour. Hopefully we can do this in early 2026.

November will also be a busy month for the Club. This month we will be celebrating 71 Years as a club. We will have cake and ice cream at the meeting to celebrate. Please join us so I don't have to eat more than two pieces of cake.

November 1 the President's Breakfast is going to be at O'Malley's on main in Seal Beach at 9:00AM. Performance Food Drive is scheduled for November 16th. The Ridge Route Tour is Scheduled for November 22. Two additional events jumped on to our radar just recently that may be of interest to members.

On 11/15 we have been invited to Cars and Coffee at the Ford Electric Car Plant at Lakewood Bl and Conant St. from 8AM to 11AM. This is an invitation only event limited to 300 Ford cars. If you want to attend, you need to fill out an application online. Contact me and I will send you the link. The application needs to be filled out and sent to Ford.

11/16 Robin Fry's Thunder Bird Club is going to Bob Cashmans Hanger at the Chino Airport. Robin has extended an invitation to anyone in the LBMTTC that would like to go. She needs a RSVP to her by Nov 10 so she can plan on lunch. The event starts at 10AM at the hanger. Robin Fry (714)875-3057.

These tours and events are just a few reminders that there is lots to do with the Club. This is YOUR club, please take advantage of all that is offered. If you have any suggestions of things we could do or places to go let a board member know and we will do our best to make it happen.

Respectfully submitted

Tim O'Gorman
