

July 2026 President's Message

LBMTC had many visitors stop by our booth at the Huntington Beach Park Car Show on June 6, 2026, and Huntington Beach Concours d' Elegance on June 7, 2026. I would like to thank John Bowman, Leonard Glick, Chris Craig, Chris Rini, and Bill and Cindy Harris for the success of the booth! I had the opportunity to speak with the owner of a 1963 Ferrari 250 GTE. The V12 engine had 3 carburetors, as well as 2 ignition coils, distributors, oil filters and oil fill spouts! The owner was kind enough to let me sit behind the wheel and immediately turned into a big kid.

Several members and cars from the Riverside/Corona Model T Ford Club joined the LBMTTC Garage on June 13, 2026. We had 33 people at Tom's shop. As a fisherman, I would say there was a "wide open bite" on chili dogs, donuts, cookies, beignets, pastries and chips. Thanks to Tom Leroux for hosting this event and to John Craig for grilling the hot dogs!

Carl Laski

LBMTTC President
